

### **Faculty Appreciation and Community Building:**

Faculty Appreciation and Community Building volunteers are members of the general board who plan and execute smaller events such as staff luncheons and student ice cream socials. Their key responsibilities include: attending general board meetings when possible, planning and organizing volunteers and food for the winter faculty luncheon, purchasing candy for the K-12 meetings and organizing some smaller pop-up events such as the kick-off ice cream social or the occasional pizza party that might arise throughout the year. This is a perfect entry level volunteer job for someone who wants to get to know POPS!
